WELCOME TO THE REAL WORLD

Getting Started

Start Career

If you decide to start a career place your car on the start career space and then do the following:

First Turn

On your first turn, decide either to start a career, or to start college. College offers more career and salary options, but it takes time-and it puts you in debt!

Start College

If you decide to go to college, place your car on the Start College space. Borrow \$40,000 from the bank for tuition (SEE BANK LOANS). Now spin and move as you would on a regular basis.

Bank Loans

You may borrow money from the bank during one of your turns. Take one or more bank loans (each loan is worth \$20,000). The banker gives you the matching amount from the bank.

**START
HERE**

Go to College

STOP

Draw a Career Card

Have another player fan out the Career Card deck facedown, while you draw one card at random. Note: You may not keep a Career Card that says "Degree Required." If you draw one of these cards draw again.

Draw a Salary Card:

Now have the same player fan out the salary card deck face-down while you draw one card.

Loans

Repay all loans to the bank (with \$5,000 interest each) when you retire, or during any turn before then.

**The Office of Student Life
Wishes the 2000 Graduates
Many New and Exciting
Chapters in Your Life!!!**

Welcome to
Providence

SHIRLEY R. WATKINS

Doctor of Culinary Nutrition

Shirley R. Watkins is the Under Secretary of Agriculture for Food, Nutrition and Consumer Services (FNCS). She is the first African-American to hold this position in the United States.

Nominated by President Clinton in May 1997, and confirmed by the Senate, Mrs. Watkins has authority over the Food and Nutrition Service as well as the Center for Nutrition Policy and Promotion.

She also is responsible for a \$40-billion budget for the U.S. Department of Agriculture's (USDA) food assistance programs, including the Food Stamp Program, the National School Meals Program, and the Women, Infants and Children Program. Actively engaged in anti-hunger activities, she recently visited Johnson & Wales University and witnessed first-hand its food recovery program and extensive volunteer efforts through the Alan Shawn Feinstein Community Service Program.

Prior to this appointment, Mrs. Watkins was Deputy Assistant Secretary for Marketing and Regulatory Programs where she supervised 80 domestic programs and 8,000 employees protecting U.S. agricultural interests. She also served as the FNCS's Deputy Under Secretary, working closely with all aspects of USDA-administered domestic food assistance programs.

Before joining the USDA in 1993, Mrs. Watkins served as Director of Nutrition Services for the Memphis (Tennessee) school system. Her previous positions also include food service supervisor, home economics teacher, and elementary school teacher.

A native of Hope, Arkansas, Mrs. Watkins received a Bachelor of Science degree in home economics from the University of Arkansas and a master's degree in education from the University of Memphis.

WALLACE BLAIR DOOLIN

Doctor of Business Administration in Hospitality Management

As President and CEO of Carlson Restaurants Worldwide, Inc. and T.G.I. Friday's, Inc., Wallace "Wally" Doolin oversees 500 restaurants in 46 countries.

Mr. Doolin joined Carlson in 1989 as T.G.I. Friday's Senior Vice President of Global Franchise Operations and Corporate Development. He and his executive team created strategies for global brand management that resulted in the rapid growth and international presence of the T.G.I. Friday's brand. He credits the company's clear mission and supporting brand management strategy for the success of CRW's portfolio.

A tireless advocate for the food service industry, Mr. Doolin is a board member and executive member of the National Restaurant Association and an officer and director for the association's education foundation. He also is a board director of the Employment Policies Institute, a leading governmental policy research organization and advisor for the industry. Actively involved in the country's leading anti-hunger organization, Share Our Strength, he is a fund-raiser and volunteer.

Mr. Doolin's accomplishments include the 1998 Multi-unit Foodservice Operators' Golden Chain Award, the International Foodservice Manufacturers Association's Silver Plate Award, the Elliott Mentor Award, the Women's Foodservice Forum Leadership Award, and the Carlson Companies International Curt Carlson Fellows Award for outstanding long-term service.

A native of Pryor, Oklahoma, Mr. Doolin studied business at Oklahoma State University and served in the U.S. Army as an officer. He is married to Joni Thomas Doolin and has four children and four grandchildren.

PAYING IT ALL BACK!!!

1 Congratulations to the graduating class of 2000. You are now leaving the world of academia to start a new phase in your lives. This phase will consist of many new and wonderful possibilities, but it also brings a new realm of responsibility. Student Financial Services has one last lesson for those of you graduating today, and that is Federal Student Loan Financial Responsibility. This will help you buy the house that dreams are made of, or confine you to that apartment you can "live with". Start building good credit by repaying your Federal Student Loans.

The first thing you want to do is create a budget; this is the best way to help you track (and control) your spending habits. If, according to your budget, you should have money left over at the end of the month, but if you do not, then you know you are spending beyond means. Creating a budget is easy, simply calculate your monthly income and expenses then determine what is left over. A carefully worked budget can help you manage your Federal Student Loan debt by making sure you have enough money every month to make your loan payment(s).

2 You may also have repayment options. If you do not select a plan, your loans will automatically be placed in the Standard Repayment Plan. The Standard Plan is a plan you pay a fixed amount each month until your loan(s) are paid in full, and you may have up to ten years to repay the loans. The Extended Plan is a plan where you will make the monthly payment that may take you anywhere from ten to thirty years to repay, depending on the amount you owe. The Graduated Plan is a plan where the monthly payments start out low, generally increasing every two years; the length of repayment may be anywhere from ten to thirty years, depending on the amount you owe. The final option is the Income Contingent Plan (ICP). This plan allows you to make monthly payments based on your annual income each year. Your monthly payments will be calculated on the basis of your annual income; the total of your Federal Student Loans, and other outside factors; you may take up to twenty-five years to repay this loan.

If you find you are experiencing financial difficulties, make sure you contact your Lender(s)/Servicer(s) (as well as Johnson & Wales, if necessary). They will work with you to help avoid the serious consequences of default. Do not allow your loan(s) to get into this situation. If you fail to make loan payments on time (delinquency) or if you default on your loans, the consequences are serious. You could ruin your credit at a time when you have the opportunity to build it.

Again, if you have difficulty repaying your Student Loan obligations, do not just ignore them in hopes they will be forgotten. Exercise responsible debt management, and contact your Lender(s)/Servicer(s). Only you can make that dream home happen by seizing this opportunity to build a good (and responsible) credit history. Please contact Student Financial Services if you have any questions regarding loan payment at 598-4648. To the Graduating Class of 2000, Good Luck from Student Financial Services.

Again, planning ahead for loan repayment and budgeting wisely are very important ways of managing your loan debt. At some point you must begin repaying your loan(s). After graduation, you have six months (for your Stafford Loan (s) and nine months for your Perkins and Achievement Loan(s)) before you begin repayment. This is called a grace period. The first actual payment (for the Stafford Loan program) is due within 60 days after the grace period ends (30 days for the Perkins and Achievement Loan Programs); an exact repayment schedule will be sent to you from your Lender(s)/Servicer(s). It is during this time that you may request a Deferment, Forbearance, or Consolidation (from both Johnson & Wales and your Lender(s)/Servicer(s)), if necessary.

Congratulations Class Of 2000 !

Best Wishes!

Career Development

◆Please come by Career Development if you have not yet completed a required graduate survey! Can't wait to see you!

◆Remember, all Alumni of Johnson & Wales University enjoy lifetime career employment services such as career counseling, job placement and support from our staff.

◆For more information on these and any other programs sponsored by the Career Development Office, please contact us at the numbers listed below.

Congratulations!

Your Future

2000

Congratulations Class of 2000!

It is with sincere pride that I forward my congratulations to each of you-the members of the Johnson & Wales University Class of 2000! After long years of diligent work and many, many sacrifices, you have earned your degree and the honor to sit here today at commencement.

You have a great deal to be proud of-your accomplishment is one that does not come easily or effortlessly. As a Johnson & Wales graduate myself, I know the enormous value of the people here at the University, and also the prestige of a Johnson & Wales diploma. I know that you will be served well as you head out into the world with the Johnson & Wales name on your resume. No matter where you go, or what you do, please keep in mind that you have been, and continue to be, an important part of the Johnson & Wales success story. For that, we thank you.

Commencement marks a beginning, not an end. Therefore, on behalf of Johnson & Wales University and the Board of Trustees, I wish you much success as you embark on this next chapter of your lives. It is sure to be filled with many new and exciting challenges, and personal and professional accomplishments.

Congratulations and Good Luck!
